

IFFA 2025

We look forward to
welcoming you at
Hall 11.0 stand no. A01

Join us at IFFA 2025, the world's largest trade fair for the meat and novel protein industries, taking place from 3 – 8 May in Frankfurt am Main.

With over 70 years of expertise, we are at the forefront of **innovation in food production**, showcasing revolutionary AI-powered technologies designed to transform the industry.

Our comprehensive approach strengthens the entire **food value chain**, from animal welfare and digital solutions to food automation and maximising by-products potential. We specialise in both traditional and novel proteins, creating sustainable solutions that enhance profitability whilst reducing environmental impact.

We will also feature advancements in animal welfare, DMRI Predict food safety tools, and food automation solutions. Visit our full-service stand with meeting rooms from **3-8 May 2025 at Hall 11.0, Stand A01**, shared with Frontmatec/ Fortifi Group. Our experts look forward to discussing tailored solutions for **your specific needs**.

Contact us today to schedule a meeting and discover how we are setting **new standards** in food production.

We will showcase some of our key areas and release new products:

- **Animal Welfare** solutions integrated into our AI systems, ensuring ethical production practices.
- **Digital Solutions** and vision technology and AI systems.
 - Digital Contamination Control
 - Precision Monitoring of Primal Cuts
 - AI-Driven Quality Control
 - DynaCQ Foreign Body Detection
 - High-Speed Slice Control
- **Food Automation** for complex production processes, tailored profitable solutions for our customers.
- **Maximise by-products potential** transform waste into valuable by-products.
